Energy meter calibration lab set up at EMC

SPECIAL CORRESPONDENT
THIRUVANANTHAPURAM

Electricity Minister K. Krishnankutty inaugurated an energy meter calibration laboratory at the Energy Management Centre (EMC) here on Tuesday.

Speaking on the occasion, the Minister said the new facility would be an asset for the State at a time when efforts were on to switch over to smart meters.

Online applications

Kadakampally Surendran, MLA, Power Secretary B. Ashok and Director, EMC, R. Harikumar were among those present.

Consumers can submit online applications for calibrating meters. The laboratory is equipped with calibrating 20 single-phase meters or 10 three-phase meters a day.
