#### Professional Associations:

- 1. **Fellow SEEM** (Society for energy engineers and managers)
- Head, Energy Division, CISSA, Centre for Innovation in Science and Social Action.
- 3. Coordinator, FAEA, Forum of Accredited Energy Auditors, India
- 4. Founder Secretary of *the IDEAS* (The institute of social engineers in Developmental Activities)

#### **Professional Qualification**

- Accredited Energy Auditor, Bureau of Energy Efficiency Government of India, AEA-0033.
- ➤ Empaneled Accredited Energy Auditor, Bureau of Energy Efficiency Government of India, EmAEA-035
- Empaneled Energy Auditor, EMC, Government of Kerala
- > Authorized Energy Auditor, GEDA, Government of Gujarat
- > Empaneled Energy Auditor, ISTSL, SIDBI
- Advanced Studies in Bioenergy Systems, Indian Institute of Science, Bangalore.
- ➤ B-Tech in Mechanical- Production Engineering, Kerala University.

#### **Awards**

Won "Kerala State Energy Conservation Award" in appreciation of the commendable achievements towards energy conservation and management in the category of best performance as an Energy Auditor in the state of Kerala.

First Energy Auditor from Kerala State to get National Accreditation from Bureau of Energy Efficiency , Government of India

#### **Technical Expertise**

Energy Management: Mandatory Energy Audits (Thermal and Electrical), Focused area audit like Compressed air, Pumping, Process, Electrical and Thermal systems, Power Quality Analysis, Carbon Mitigation Projects, Low carbon projects.

Renewable Energy: Consultancy and implementation support for Small and Micro Hydel Projects, Biomass Projects (Thermal and Electrical), Solar systems (Electrical and Thermal), Biogas, and other RE based devices.

#### **Area of Interest**

Energy Studies, Supply and Demand side Studies

- ➤ Energy auditing and implementing energy efficiency projects.
- > Studies in Low Carbon Technologies.
- Associating with institutions and individuals working in the related area.
- Conducting classes/training in Energy and Engineering systems, Renewable energy etc.
- Science writing and associating with people science movements.

#### PROFESSIONAL EXPERIENCE

Have an experience of 18 years as an Engineer.

#### 1. Professional experience record (projects):

Date:	April 2005 to till date
from (month/year) to	
(month/year)	
Location	Trivandrum, Kerala, India
Company	OTTOTRACTIONS
Position	Co-founder and Accredited Energy Auditor

#### Responsibilities

- ➤ Lead the energy audit team in the Capacity of Accredited Energy Auditor of Bureau of Energy Efficiency, Government of India and Senior Consultant
- ➤ Energy efficiency project preparation and implementation and Vendor development.
- ➤ Project implementation of Solar Power Plants, Micro/Pico Hydel Projects, and Biomass based energy systems.
- Conducting training program and awareness programs.

#### Major Projects Associated

- 1. Conducted/associated over 380 detailed energy audits and PAT M&V audit in diversified industries (including Designated Consumers) in India through OTTOTRACTIONS.
- 2. Completed the project "Screening of 37 PSUs in Kerala for Carbon Emission Reduction and CDM benefits" funded by Directorate of Environment and Climate Change (DoECC), Government of Kerala.
- 3. Principal Investigator of the Project "Low Carbon Schools" funded by Kerala State Science Technology and Environment (KSSTE) through CISSA.
- 4. Co-Investigator of the project "Low Carbon Schools in Munnar, Kerala funded bu DoECC through CISSA.
- 5. Actively associating with renewable energy projects like Solar, Gasifier, Small and Pico Hydel projects, , Biogas etc.
- 6. Conducted Energy Audits of public spaces in four panchayats of Kerala as part of Model Energy Efficient Grama Panchayat Project of EMC- Government of Kerala.
- 7. Assessment of Energy Conservation Potential of 4 identified clusters in Kerala, A project of Bureau of Energy Efficiency, Govt of India, and responsibility to conduct the study in the state of Kerala in association with National Productivity Council.
- 8. Reconnaissance Study of Potential Small Hydro Projects at Malappuram and Thrissur Districts of Kerala, India, for Total Energy Security Mission, ANERT, Kerala. During the study, identified 130 potential small or pico hydel project sites.
- 9. Implementation of Pico Hydel Projects with cost effective technologies (10kVA, 15kVA already installed with PAT technology).
- 10. Implementation of Cost Effective Solar Power Plants (2kVA grid interactive already installed).
- 11. Developed a wood gas stove (biomass gasifier based) for domestic application. The stove has been demonstrated at various "*National workshops on cooking stoves*". The stove is tested and has an efficiency of 55% (existing open fire stove has an efficiency of 15% only). The stove is now running on field testing with the help of a reputed NGOs.
- 12. Project coordinator for **PROMISS** (*PROMOTION OF MICRO ENTERPRISES*

FOR SUSTAINABLE DEVELOPMENT THROUGH INNOVATIVE SELF HELP GROUPS) (The project prepared for Ranni Block Panchayath for poverty alleviation through sustainable development and woman empowerment). This Project has been sanctioned by the Government of Kerala and is under the consideration of Government of India, in its Special SGSY scheme. The total project out lay is Rs. 15 Cores.

Date:	2003 June to 2005 March.
Location	Palakkad, Kerala
Company	INTEGRATED RURAL TECHNOLOGY CENTRE (IRTC), PALAKKAD,
	KERALA.
Position	Scientist

#### Responsibilities

- Coordinating and managing the projects undertaken by the energy division
- > Provide engineering support to various projects and division in the institution.

#### **Projects Associated**

- 1. Active team member of the project "Field testing of down draft biomass gasifier using coconut wastes as fuel" done at IRTC in association with Indian Institute of Science (IISc), Bangalore and Centre for Development Studies (CDS) Trivandrum.
- 2. Team member for the project for developing "Producer gas based cooking burner for domestic applications".
- 3. Team Member of the project "An investigation into the effects of high harmonics and low power factor of low cost energy efficient lighting devices in typical rural distribution system", this project is done by IRTC in collaboration with KSEB, Trivandrum in 2004.
- 4. Coordinator of the project "Energy audit in selected rice mills of Palakkad district" in association with Energy Management Centre (EMC), Trivandrum and NSS engineering college, Palakkad.
- 5. Co-investigator of the project "Investigation on the wastages of engineering colleges in Kerala", (www.cds.edu) the study has been conducted with the support from Centre for Development Studies (CDS) in its KRPLLD project. The study reveals the reasons behind the failures and wastages in the engineering colleges of Kerala state.
- 6. Team leader for the development and fabrication of ball mills, stirrers and transfer mechanisms for the project "Development of natural rubber latex based coating compound for the modification of polystyrene Hot Box to improve durability and aesthetics" a project funded by Department of Science and Technology, Government of India.
- 7. Designed a 90 tonne per day capacity solid waste treatment plant screening facility of Palakkad Municipality. Developed innovative screening mechanisms and designed an optimum process line for the system.
- 8. Team member of the project "Development of a plastic bag screener and selfcleaning rotary screener" for the solid waste treatment plants for medium and big cities.
- 9. Designed and developed a de-fluoridation equipment to be used for the community based water tanks in Palakkad district.
- 10. Study on the energy conservation opportunity identification in domestic sector is another area of activity.

Date:	May 2000 to May 2003
Location	New Delhi
Company	TECHLAB, NEW DELHI
Position	Engineer R&D

#### Responsibilities

- Team member of the project for the development of vaporizers, solenoids, multivalve: essential parts for the gaseous fueling in automobiles. I was responsible to complete the homologation process at Automotive Research Association India (ARAI), Pune and Department of Explosives, Nagpur according to UNECE-67-R1 regulation and Government of India rules. Completed this work successfully and all these products are now in the market and performing well.
- 2. Responsibility to be the management representative (MR) for the ISO certification process: for the quality assurance program of the organization. Attended training programs on QMS by BIS and other organisations in this regard.
- 3. Active team member for the development of auto gas fueling system for three wheelers by Scooters India Ltd. (SIL) Luknow. This project was successfully completed and in the process developed an optimized vaporisors, mixer and other safety valves and the vehicle was launched on 6<sup>th</sup> Auto Expo at New Delhi.
- 4. Team member for the development of a fueling system for a dual fuel mode 1500W 4 Stroke generator, which resulting in a considerable reduction in emission and increased fuel, and thermal efficiency and this system is launched in the market.

#### PUBLISHED PAPERS & ARTICLES

- 1. Published an article on Teleportation "Vichitra Kalpanakalku Jeevan Vakkumpol" in "Vijnanakairali" official scientific magazine of Kerala Government.
- 2. Published an article in *Energy Efficiency Manager*, a quarterly magazine of society of Energy Engineers and Managers, India on Domestic Energy Conservation Technologies (April-June/2017/Vol::10/No::02, ISSN0974-0996 Page 11 to 20)
- 3. Presented a paper in Kerala Environment Congress 2017 on Energy Management and Climate Change Mitigation along with Mr AM Narayanan and Mr. Sandeep K
- 4. Co-authored with Prof: C J Sivasankaran and Prof: P K Ravindran and published the findings of the project "*Investigation on the wastages of engineering colleges in Kerala*".( http://www.cds.ac.in)
- 5. "Rural energy initiatives in Kerala" has been published in the annual report of Karl Kuber Institute, Coimbatore.
- 6. Presented "Gasifier based wood gas cooking stove for domestic use" at the national workshop on cooking stoves organized by ANERT, Government of Kerala. The presentations and demonstration of the stove were appreciated well in the programme. The same were covered by various print and visual media.
- 7. Presented a paper on "Biomass gasification performance of a 5KWe gasifier by using locally available biomass like coconut fronds". The paper has been presented in the National workshop on 'The studies on renewable energy and non-conventional energy systems" conducted by EMC in June 2004.

8. Presented a paper on Energy Efficiency and Energy management in Health care systems at Trivandrum in February 2010.

#### **TRAINING DETAILS**

- 1. "International training programme on Bio-energy" held on June 2007 at Combustion, Gasification and Propulsion Laboratory (CGPL) Department of Aerospace Engineering, Indian Institute of Science (IISc), Bangalore. During this training I have acquired knowledge on the fundamentals of biomass utilization and applications involving advanced technologies for power generation.
- 2. Took number of classes for in energy efficiency in association with PCRA, WWF, EMC, BEE, FICCI etc.
- 3. Trainer at Various energy efficiency capacity building programs for industries and other stake holders.
- 4. Participated in various workshops and seminars on Bio energy and energy efficiency.
